BOTOX & DERMAL FILLERS

BOTOX

Administered by a Physician, Botox is a simple, non-surgical treatment that is used to smooth and soften frown lines between the eyebrows, the forehead and crow's feet to restore a more youthful appearance.

JUVÉDERM PLUS

Administered by a Physician, Juvéderm Plus is a dermal filler that will reduce facial creases and increase fullness of the lips. The result is instantaneous and produces a long-lasting, natural enhancement.

SCULPTRA

Sculptra is an injectable product administered by a Physician that restores and corrects the signs of facial fat loss by replacing lost volume. It provides an increase in skin thickness, helping to create a more natural, youthful appearance.

TRUSCULPT

Now there is a simple, comfortable way to deeply heat the tissue! The TruSculpt system, a breakthrough non-invasive radio frequency and massage technology that allows comfortable treatments at therapeutic levels. In just one or two treatment sessions for one hour or less, you can be on your way to a new self with no downtime. The TruSculpt system is designed to treat multiple zones of the body such as abdomen, arms, thighs, buttocks and other stubborn areas.

3D REJUVENATION

Every person ages at a different rate and in different ways. Some develop redness, age or sun spots. Others have large pores, fine lines, wrinkles or lax skin. You may have one, two or all of these conditions. 3D features the ultimate treatment trio; Limelight, Laser Genesis and Titan Skin Tightening. Targeting the three layers of your skin for a deep rejuvenation, 3D is the perfect treatment for those who wish to reduce or delay the signs of aging. Together, you can have a 3D skin rejuvenation experience.
